# Cricplex

Cricplex broadcasts the live ball to ball, hit to hit updates along with the live commentaries straight from the stadiums. Cricplex covers all the information inclusive of all the details about the players of the team, the toss, the first hit and live sports updates, it comprises the data of all the cricket matches around the world.

Now you can receive all the data and notifications about your favorite game on your phone screen through the windows of Cricplex giving you the gist of the thrill going live in the stadiums. Our collection of cricket information ranges from the matches dating back to the first hit of the 1950s to the future match schedules.
